The Panorama of Budapest is not only an unforgettable experience, but an illustration of the capital's history. The banks - added to the World Heritage List of UNESCO - offer one of the world's most outstandingly beautiful urban cityscapes. The site, inscribed in 1987, stretches from the Chain Bridge to the Technical University on the Buda side; an area containing the Gellért Baths, the Gellért Hill with the Statue of Liberty and the Citadel, furthermore the building ensemble of the Buda Castle.

The Danube, this very important and mighty river that takes its source from Germany, flows through many capitals on its journey to the Black sea. In Budapest it runs majestically through the center of the city, creating one of the finest panoramas of the continent. The Danube's embankment treasures the old and embraces the new, historic is mingling with the modern. Let us invite you to see our capital on the most Shipromantic way!

*viewing was perfect around and the boat gave us drinks being served. The drinks were fresh champagne which was very refreshing. All in all, a very solid relaxing way to see Budapest and all the landmarks near the river.*

*Beautiful food, friendly and efficient staff. Comfortable and warm ship. A wonderful way to see Budapest from the river. Really enjoyed the entire cruise. Would have liked a commentary on the buildings and places of interest that we were sailing by.*
