The flight will go as far as the Tihany peninsula, which is the most famous area of the Balaton region. Here you will witness the stunning Balaton Uplands National Park and the famous Tihany Abbey, which is truly a breathtaking sight from above. Your pilot will make a few rounds above the most impressive and most beautiful sights in the region, to make sure that you have enough time to admire them, and take photos as well. Following the detailed sightseeing around Balaton, you will be flying back towards Budapest along spectacular Hungarian sights, such as the city of Siófok, one of the most popular holiday destinations on the east side of Balaton. You will also be able to get a better look at the historically significant Székesfehérvár, when your helicopter hovers over it on the way back.

Your whole experience will be recorded on multiple GoPro cameras. We will edit and send you the video of your adventure, so you will be able to take home and share your experience.
